FRANK GOTCH DEFEATS THE TURK

Champion Quickly Disposes of
Yusiff Mahmoud.

TAKES TWO STRAIGHT FALLS

Iowa Wrestler Makes the Foreigner
Look Like a Novice at the Mat
Game—Does Not Need to Use His
Famous Toe Hold to Pin the Turk's
Shoulders to the Mat—Match Fast
and Exciting.

Chicago, April 15.—Frank Gotch of Humboldt, Ia., succeeded in retaining his title as champion wrestler of the world by defeating Yusiff Mahmoud of Bulgaria in a fast and furious match. The much-bouted Bulgarian was as a child in the hands of the American master of mat strategy. Gotch won both falls with crotch and half-Nelson holds respectively in 8 minutes and 9 minutes, 10 seconds. The victory of the champion was regarded as all the more notable inasmuch as he did not use his famous toe hold in bringing about the downfall of the powerful foreigner. Gotch was able to secure almost any hold he desired, so limited appeared the Turk's knowledge of the game. The match was fast and exciting, however, throughout. It was full of action, dash and vim, but it was so short that there was not a single idle moment.

After a conference lasting the greater part of the day, Gotch and Mahmoud finally settled the trouble which threatened to arise over the fact that the Bulgarian purposed to enter the ring in his bare feet. For a time it appeared as though the hitch would result in the calling off of the championship contest, but finally Mahmoud agreed to forfeit \$500 of his end of the purse to Gotch and enter the ring in his bare feet. Rather than call off the match Gotch agreed to Mahmoud's proposal.

Threw the Turk to the Mat.

For the first three minutes Gotch and Mahmoud bulled it about the ring without either getting a hold. Finally Gotch secured a hold on Mahmoud's leg and threw him to the mat. The American champion went after the foreigner with greatest vim and the Bulgarian was responding with all the strength of his magnificent physique, but he could not break Gotch's hold. Mahmoud bridged and used every artifice in his repertoire to forestall the inevitable fall. It was a magnificent test of strength. The champion, however, finally secured a crotch and half-Nelson and Referee Smith gave him the fall in eight minutes. Mahmoud's shoulders were pinned to the mat for the first time since he has been in this country.

After a little fiddling in the middle of the ring in the second bout the men mixed and Mahmoud was successful in getting Gotch down on the mat. Following a minute of sharp work Gotch wiggled out of the Turk's hold and assumed the aggressive. Gotch tried repeatedly for the deadly tee hold, but Mahmoud fought harder than before and the American was unable to secure it. Gotch secured several holds, but Mahmoud wriggled out. The struggle waxed fast and furious, with Mahmoud on the defensive all the time.

Gotch secured the same hold that won the first fall for him—a crotch and half-Nelson. Mahmoud fought to break his opponent's hold, but it was of no avail. Despite the Turk's immense strength and ability he was pinned to the mat for the final fall in 9 minutes, 10 seconds.

QUIET REIGNS AT CONSTANTINOPLE

Disorders in the Turkish Capital at an End.

NEW CABINET NOW IN OFFICE

Tewfik Pasha Is Grand Vizier and Edhem Pasha Is Minister of War. Salient Features of the Revolt Were the Loyalty of the Troops to the Sultan and Absence of Attacks Upon Lives of Citizens.

Constantinople, April 15.—After the stirring events of Tuesday and the early part of Wednesday in the Turkish capital the successful formation of the cabinet and the issue of an imperial proclamation ordaining the observance of the Sheri laws and the preservation of the constitution served to bring about a comparatively peaceful situation here. The members of the new cabinet, of which Tewfik Pasha is the grand vizier, have been installed in office.

The formation of the cabinet, although it is not composed according to general expectations, has greatly relieved the tension. The majority of the people passed a sleepless night, owing to the continued discharges of musketry. Now the city is quiet; the troops have returned to their barracks and the crowds in the Stamboul quarter have retired to their homes.

Confidence is gradually returning, although the military situation will require all the energies of the new government for its successful handling and the promulgation of wise measures so that the army may be placed on a more satisfactory basis. One of the first acts of the government will be to supply new officers to replace those who have been rejected by the men, and this will be no easy task. Fortunately, the new minister of war, Edhem Pasha, is generally respected and trusted and it is confidently believed that he will succeed in restoring order.

Soldiers Started the Movement.

It is noteworthy that while the revolution of last July was the work of officers, the present movement was carried forward by the soldiers, aided by the religious party, the leaders in the movement being the very troops, the Saloniki Chasseurs, which heretofore had been the mainstay of the Committee of Union and Progress. The rising has resulted in the complete obliteration of this committee and its newspaper organs, while many deputies representing the committee group have resigned or remain in their homes.

During the whole thrilling momentous episode, the salient features of the revolution were the loyalty of the troops and the people to the sultan, whose name was frequently acclaimed, and the absence of attacks on the lives and property of citizens.

The new cabinet held a meeting and deliberated on the situation. The grand vizier and the Sheikh Ul Islam arrived at the porte in state and were cheered by an immense crowd that had gathered there. On the approach of the cortege an intimation was sent to the troops, and the discharges of musketry ceased like magic. The precincts of the porte were crowded in every part, and the hall where the ministry was installed was packed to overflowing. An imperial hatt appointing Tewfik Pasha grand vizier and confirming Zia Eddin Effendi as Sheikh Ul Islam, also ordains the strict observance of the Sheri laws and the preservation of the constitution "for the maintenance of the security and progress of the government and country and the welfare of all my people."

"CLEAN UP" DAY AT CAPITAL

Society Leaders Pick Up Papers From Streets of Washington.

Washington, April 15.—Today is "clean up" day in the national capital. The women of Washington, determined to show that the littered condition of some of the streets is not their fault, decided some time ago to devote part of today to clearing up the stray bits of paper that are eyesores to the residents with proper civic pride.

Accordingly, at 9 o'clock this morning and later, the spectacle was presented of many well dressed women in some of the finest residential districts personally picking up the papers in the streets and parks near their homes. The movement was headed by the Twentieth Century Club, which embraces in its membership many women of Washington's well known families.

Garment Alterations Free

Did you ever consider what this means?

Few people ever stop to think what this means. We are ready to prove the assertion that we sell you garments cheaper than the city stores. In the first place, our prices are not higher than city prices and then we make alterations without charge.

CITY
ALTERATION
PRICES

The minimum price charged for altering a suit in Duluth is \$2.00 and in the Twin Cities is \$2.50. This is the minimum charge and often it costs up to \$5.00. When we sell you a suit for the same price that they do in the cities, we sell it cheaper, as we charge you nothing for alterations.

A CASE
IN POINT

We have several styles of suits in stock which one of the city stores ask \$38.50 for and the alterations, and we give you the same suit, made by the same manufacturer, same cloth, same trimmings—the same suit identically—for \$30.00 and make alterations free.

NOT OFTEN
MENTIONED

We don't often mention this but we do it at this time for the benefit of those who often go to the city for their garments without as much as looking at what their own stores show. We are prepared to "show you."

HOUSE FAVORS THE MEASURE

Votes for the Johnson Reapportionment Bill.

INCREASE IN THE ASSEMBLY

Number of Representatives Raised From a Hundred and Twenty-nine to a Hundred and Thirty-four—Senate Passes the Pure Cream Measure and Clague's Saloon Bill—Governor Johnson Signs Anti-Cigarette Bill.

St. Paul, April 15.—After an hour or more of joking and amendments and an added half hour of serious talk, the house in committee of the whole voted for the reapportionment bill drafted by the house committee, and bearing L. H. Johnson's name. Amendments were added which make the total number of representatives 134. The bill provides 129, and the four which have been cut out of the southern counties were restored, and one added to one of the St. Louis county districts.

Although the majority of the fifteen new members come from the north of the Twin Cities, the northern members are far from being satisfied with the bill. They say it is a scheme by the southern members to stave off any real reapportionment. The bill is really not a reapportionment, as the senatorial districts are not touched. The northern solons say that whenever they cry again for reapportionment the southern part will try the same scheme and add new members. Some of the members benefited, also several who are not affected by the bill, said that, while the bill is not much good, it is better than nothing, and helps the evil just a little bit.

S. B. Duea of Pipestone made a futile effort to kill the bill.

Hunters Must Have Licenses.

The house passed the bill which compels every hunter to have a license, except the man who shoots on his own farm. If the senate passes the bill, no farmer can walk with a gun ten steps into his neighbor's pasture without giving the fish commission a dollar.

The bill was passed under suspension of the rules. Some members wanted to know what the bill was and they were told that it was a bill to accept a gift of \$50,000 from the hunters which they were willing to give, and that the money would go into the state treasury.

The money goes to the state treasury for the credit of the game and fish commission's fund.

Two years ago a similar bill, but going so much farther that a man could not hunt on his own farm without a license, was passed through the

house one night when they had agreed to consider only local bills. Later it was recalled and amended so a man could hunt in his own county.

Senator Clague's bill requiring saloons to exclude minors, imtemperate drinkers, habitual drunkards, inmates of poorhouses and almshouses and persons under guardianship, passed the house almost unanimously and is about the first measure placing any restrictions on the saloons that has passed the session. Under the present laws the sale of liquor to these people is forbidden, but they may go into the saloons.

Governor Johnson signed the anti-cigarette bill, making it a misdemeanor for any one to handle cigarettes in Minnesota, except for interstate trade. The exit of the cigarette in the state is set for Aug. 1. After that date any one caught selling or disposing of cigarettes is likely to fall into the hands of the law.

Pure Cream Bill Passed.

The earnestness of Senator James Johnston carried the day for pure cream and the senate by 41 to 12 passed the bill relating to the carrying of cream to cities.

The bill compels all cream to be shipped in refrigerator cars if it is to be carried more than thirty miles. The bill was introduced several days ago and rushed through, being opposed by the centralized creameries. Johnston appealed for the senate to take as good care of the city people as the farmers do of their calves. The milk for pigs is now pasteurized and the cream may also be pasteurized if iced cars are not at hand.

C. J. Gunderson of Alexandria spoke vigorously against the bill. Senator Wilson asked to be excused from voting, as the farmer members were not united on the bill and he wanted to vote for the farmer, first, last and all the time.

Friends of the iron ore tonnage tax bill won a decided victory in the senate when they forced the consideration of the Bjorge bill Friday at 3 o'clock. The placing of this on its final passage several days before it was expected it would be reached, was accomplished by some of the cleverest parliamentary practice seen this session.

The bill which distributes the \$300,000 a year appropriated for roads and bridges in a previous bill passed the house.

The senate passed the house bill creating a commission to investigate the question of liability of employers for injuries to workmen.

AN EPIDEMIC OF MEASLES

Breaks Out in Training Station and on Board a Cruiser.

Norfolk, Va., April 15.—An epidemic of measles in the United States training station at St. Helena, with an outbreak of the same disease aboard the United States auxiliary cruiser Prairie, will detain for twenty days at least the transportation of 1,500 to 1,800 seamen to Panama, en route to the Philippines. The Prairie is under quarantine in Hampton Roads and the station has also been quarantined. It is said that fully 500 men have the disease.

STEPHENSON TO BE SUBPOENAED

Will Be Summoned Before Investigating Committee.

Madison, Wis., April 15.—United States Senator Isaac Stephenson and Rodney B. Sackett, one of the senator's managers in the recent primary campaign, will be subpoenaed to appear before the senate committee investigating the election of Senator Stephenson. The committee voted unanimously on a motion to this effect.

Another motion that all witnesses subpoenaed should take the first train to Madison, carried.

John Milkowski of Milwaukee, a deputy sheriff, testified that Richard White of Milwaukee had asked him to work for Stephenson, but that he refused. He denied that he was offered \$1,000 to work for Stephenson. He thought if he had taken White's offer he might have "knocked down" \$5 or \$10 a day for his trouble.

DECLINES THE INVITATION

Roosevelt Will Not Attend Reception at Mombasa.

Mombasa, B. E. A., April 15.—A cablegram received here from Theodore Roosevelt declining an invitation to attend a public reception and a dinner makes it evident that he has decided not to stop in Mombasa. Therefore there is much disappointment here. Mr. Roosevelt asks in this message that he met at the pier by his special train and conveyed direct to the ranch of Sir Alfred Pease on the Athi river, where he will be Sir Alfred's guest for his first fortnight's stay in the protectorate.

The steamer Admiral is expected here at daybreak of April 21. At present the monsoon is blowing vigorously.

There has been a sudden outbreak of smallpox at Nairobi. Forty deaths have occurred in the quarantine camp and three cases are reported from Ju Ju ranch, the property of George McMillan, who will be Mr. Roosevelt's host during a portion of his stay in this section.

Major Louis L. Seaman has returned here from a hunting trip up country. He says the game is excellent and the prospects good. Major Seaman is about to leave for Uganda on an elephant hunting expedition.

Three lions have been interfering with the night work at the Makindu station on the railroad. It is believed that the plans of the Roosevelt party contemplated Kermit Roosevelt spending a night at this station.

The local police authorities have taken measures to strengthen some of the out stations on the northern boundary of Kenya province where the inhabitants of the wilderness country north of the protectorate have been showing signs of unrest.

DEMOCRATS DISCUSS TARIFF LEGISLATION

Agree to Support Income Tax
Amendment.

Washington, April 15.—For more than four hours the Democratic members of the senate conferred in an effort to agree upon a policy toward tariff legislation. At the end of that time Senator Culberson, the minority leader, announced that the Democrats had agreed to support an income tax amendment and to stand for substantial reductions in schedules, and particularly for a decrease in the rates on necessities of life.

The conference was not binding, but regardless of this fact it was not entirely harmonious. Some of the senators present admitted frankly that they would ask for protection for the industries of their states. Senator Stone spoke in favor of his programme for independence for the Philippines after fifteen years and absolute free trade with the islands during that period. Senator Foster was opposed to free trade with any of the colonies. Neither of these senators, it was apparent, could have obtained a majority of the Democrats for their proposition had a vote been taken.

Only on one question was the conference agreed and that was the income tax amendment. No details were arranged in the programme to fight for reductions in rates all along the line. The conference was adjourned until Friday, as all of those present agreed that they were not sufficiently acquainted with the bill to pass judgment intelligently upon it. While the Democrats were in session notices of the meeting of the finance committee today were delivered to the minority members of that committee.

In view of all the criticisms made of the tariff bill as amended by the finance committee of the senate, particularly the observation that the bill will not produce sufficient revenues for the country's need, Senator Aldrich will on Monday explain the revenue features. As the Democrats will ask that the bill lay over until Monday, Mr. Aldrich does not intend to make his statement today, but will present a far more elaborate argument on Monday than he had intended.

KILLED BY HIS COUNTRYMEN

Young Italian Shot Dead in Street
Fight in Brooklyn.

New York, April 15.—Andrew Gambino, a young Italian barber, who three years ago killed a man with two loads from a shotgun, was killed in a running battle with three countrymen through Brooklyn streets, while several thousand persons looked on. The Brooklyn branch of the Italian detective bureau credits Gambino with a conspicuous Black Hand record.

Pietro Zarcone, a butcher, told the police that Gambino approached him and demanded \$50 under penalty of death. Gambino drew a pistol and the battle began. Zarcone was joined by two friends and all of them, fully armed, pursued Gambino, firing as they ran. Gambino as he fled emptied his revolver twice at his pursuers during the four blocks of the chase and he dropped dead with seven bullets in his body in front of his home in Fifth avenue. His young wife and a great crowd saw the three pursuers overtake him and beat his skull in with the butts of their revolvers.

As a policeman broke through the crowd Zarcone's two friends escaped. He was arrested. The crowd, madened by the assault on the dead body, tried to take Zarcone from the officers and for a moment it looked as if there would be a riot. But more policemen quickly arrived and beat the crowd back and Zarcone was taken to the station.

END LIVES ON A STEAMSHIP

Two Young Women Commit Suicide
by Shooting.

Liverpool, April 15.—During the voyage of the Cunard liner Lucania, which sailed from New York April 7, two young women, who had occupied a second class cabin together, committed suicide by shooting.

They were Margaret Clarke, believed to have been a resident of Brooklyn, and Annie Miller. The motive for suicide has not been ascertained.

Annie Miller left a note saying that she was worried at Miss Clarke's death, and, having been a widow for more than two years, she wanted to end her troubles and be buried at sea "like Miss Clarke."

There has been a sudden outbreak of smallpox at Nairobi. Forty deaths have occurred in the quarantine camp and three cases are reported from Ju Ju ranch, the property of George McMillan, who will be Mr. Roosevelt's host during a portion of his stay in this section.

Major Louis L. Seaman has returned here from a hunting trip up country. He says the game is excellent and the prospects good. Major Seaman is about to leave for Uganda on an elephant hunting expedition.

Three lions have been interfering with the night work at the Makindu station on the railroad. It is believed that the plans of the Roosevelt party contemplated Kermit Roosevelt spending a night at this station.

The local police authorities have taken measures to strengthen some of the out stations on the northern boundary of Kenya province where the inhabitants of the wilderness country north of the protectorate have been showing signs of unrest.

Adolph Johnson, living in the town
of Nokay Lake, lost his barn and con-
tents by fire a few nights ago. The
fire destroyed eight head of cattle, eight
to ten tons of tame hay, a new seeder,
a wagon, all his grain, etc. He had
\$600 insurance on the barn, \$15 per
head on stock and some insurance on
the hay, but it is not known how much.
The cause of the fire is also unknown.

Children Who are Sickly

Mothers who value their own comfort
and the welfare of their children, should
never be without a box of Gray's
Sweet Powders for Children, for use
throughout the season. They break up
colds, cure feverishness, constipation,
teething disorders, headache and stom-
ach troubles. THESE POWDERS
NEVER FAIL. Sold by all drug
stores, 25c. Don't accept any substi-
tute. A trial package will be sent
free to any mother who will address
Allen S. Olmsted, Le Roy, N. Y.

CUYUNA CULLINGS

The opening of spring weather will
see increased activity at Cuyuna, the
first mine town on the Cuyuna range.
The five cottages erected last fall by
the Rogers-Brown Ore company are al-
occupied and the demand for resi-
dences is such that it is reported that
the company is to erect nine more cot-
tages from the same plans this spring.

Reinert Olson has his combined resi-
dence and store building well under
way. He has also a barn built. As
soon as the store room is ready for
occupancy the store and postoffice will
be moved from the building he erected
last summer on the Bartens land to the
new building.

The Rogers-Brown Ore company has
discontinued the boarding camp and the
men are now fed at the Cuyuna hotel.
The boarding camp building is now oc-
cupied as a residence. The bunk
houses are still in use by the single
men.

The ore pile at the Rabbit lake mine
is steadily growing as the work of
drifting deeper and deeper into the ore
body proceeds.

A building has been started to which
it is said the saloon will be removed
from the Cuyuna hotel.

E. O. Culver, of Deerwood, was in
city Wednesday negotiating for the

London shrinking keeps clothes looking the same as long as you own them. It's just as though furniture builders tried to produce first-class tables and side-boards out of green timber—no matter how much cabinet work and fine finishing were put into the wood, the labor would be thrown away—it would warp out of shape. BIG DITCH IS
KNOCKED OUT

Proceedings in Ditch No. 14 are
Declared Defective by
Judge McClenahan

MUST APPOINT NEW APPRAISERS

Work of Reviewers in Judicial
Ditch No. 1 is Also De-
clared Defective

The county and judicial ditches in Crow Wing county are causing lots of trouble and litigation. Judge McClenahan today announced his decision in the case brought by Attorney A. P. Blanchard, of Little Falls, in behalf of Peter Anderson, a property owner affected by county ditch No. 14, located south-west of Brainerd principally in the town of Crow Wing. The order which has not been drawn, as yet, will find the proceedings defective and the ditch is knocked out and all proceedings declared null and void. There has been litigation over this ditch ever since proceedings were started about two years ago. There have been warrants issued up to this time on this ditch to the amount of \$2,054.97, of which \$1,037.52 has been paid, leaving \$1,016.55 outstanding. Judge McClenahan stated in private today that the contractor could not recover for work done, but what will be the status of ditch warrants in the hands of innocent purchasers is another question. The ditch was knocked out on the insufficiency of the notice of the original hearing, there having been three publications, but only 19 days between the date of the first publication and the date of hearing.

The work of the viewers in judicial ditch No. 1, located in the town of Rabbit Lake, Crow Wing county, and in Aitkin county, has proven so defective that Judge McClenahan states that it will be necessary to appoint new viewers. There has been about \$700 expended on that ditch, it is said, and the proceedings are right where they started.

Irish Nativity

TO BRAINERD DISPATCH—

In the Weekly Dispatch of last week I noticed an item in it of me having a dog imported from Ireland and I named him Patrick. I would like to know the wind jammer that has been giving you all this hot air. Indeed the dog never saw the light of the old sod, for if he did, I certainly would have named him after the Patron Saint of that country and you bet I would not be ashamed of the name either. But as it was the dog is one of two puppies that came from Norway to a Norwegian friend of mine in Aitkin and he gave me one of them, and not knowing who to name the dog after from that country, I did in my estimation name him after one of the greatest living Americans, Teddy Roosevelt. Now Mr. Reporter, the first time you come to Deerwood come up to the house, we will be glad to have you do so and I will show you the dog Teddy.

Yours truly,

Judge McClenahan Awards O. P.
Erickson \$93.00 on Claims
Aggregating Over \$600

ALL CLAIMS BUT ONE DENIED

Gets Pay for Trying to Collect
Tax Warrants for 1906 and
for that Only

The decision has been handed down by Judge McClenahan, in the case of O. P. Erickson against Crow Wing county. Mr. Erickson brought suit some months ago to recover over \$600 alleged to be due him as sheriff for the work of collecting or trying to collect personal property tax and serving tax warrants for the year 1906 and succeeding years. The board had turned down the bills, six in number, and suit had been brought for collection. Judge McClenahan in his decision held that Mr. Erickson was entitled to recover in the matter of the claim for attempting to collect tax warrants in 1906 under the 1905 laws, but held that the other instances the claims did not come expressly under the provisions of the law. When seen regarding the matter today Mr. Erickson stated that he had not yet decided whether or not to appeal the case. The work had been done, he said and the taxes collected and placed in the county treasury. Attorney A. T. Larson appeared for Mr. Erickson and County Attorney Fleming looked after the interests of the county in the matter.

RIOT IN MEXICO SERIOUS AFFAIR

Thirty-two Men Killed and Several Others Injured.

FOURTEEN RIOTERS EXECUTED

Parish Priest Started the Trouble by Organizing a Religious Procession at Velardena, Which the Mayor Attempted to Stop, as Such Parades Are Unlawful in Mexico.—Priest Tried to Commit Suicide.

City of Mexico, April 15.—According to a dispatch just received in this city, the rioting which occurred at Velardena, the big coal mining camp in the state of Coahuila, last Saturday was more serious than at first reported, thirty-two men being killed and many injured. The trouble was instigated by Father Ramon Valenzuela, the parish priest, it is asserted, who lies in a hospital hovering between life and death. Fourteen of the rioters have been summarily executed by the government troops and many imprisoned. Many Americans reside in Velardena, the camp being controlled by American capital.

The leaders of the mob, which was well organized, avoided attacking Americans or destroying American property. The fighting occurred when the jefe politico of the town, an officer corresponding to a mayor, attempted to stop a religious procession headed by the village priest, the laws of Mexico forbidding such parades. A thousand parishioners followed the priest, wishing to witness the annual burning of Judas, and when the orders of the town executive became known, the mob, becoming enraged, stoned and later burned the house of the jefe. That official and his wife escaped by climbing a rear wall and seeking protection in the homes of the American colony.

The rioters then stormed a Chinese hotel, looting it of all liquors and foods and terrorizing the neighborhood during the night by their drunken orgy. The police force, in an effort to restore order, fired on the mob, many of the members of which were well armed. The officers, however, were forced to retreat, leaving six of their number dead in the main street of the town.

Later troops arrived on a special train and a short but fierce fight between the troops and rioters ensued. There were thirty-two deaths and a number injured. Father Valenzuela was arrested. One of his followers succeeded in smuggling in a knife to his cell and the priest stabbed himself six times in a vain attempt to commit suicide. He is now in the prison hospital, hovering between life and death. Quiet has been restored.

REQUEST FOR CONFERENCE

Sent by Employers to Lake Carriers' Association.

Detroit, April 15.—President William Livingstone of the Lake Carriers' association has received a letter from the lake district grievance committee of the International Seamen's Union of America asking that representatives of the Lake Carriers' association meet representatives of the unions affiliated with the seamen for the purpose of coming to some understanding that will remedy the present situation.

The letter, which is dated Buffalo, April 14, is signed by Chairman V. A. Olander and on it appears also the names of the six other members of the committee, W. H. Jenkins and George Hanson for the Lake Seamen's union, Edward Stack and Thomas Conway for the firemen, oilers and water tenders, and J. M. Secord and E. E. Turner for the cooks and stewards.

The letter of the seamen's committee declares that the carriers neglected to reply last year to a request for a conference and shortly afterward announced that they would no longer deal with or recognize the seamen's union. There began then, alleges the letter, a systematic persecution of the members of unions affiliated with the seamen, men being compelled to hand over their union books or be discharged, a nonunion oath and declaration being required, the twelve-hour workday being infringed upon and seamen being laid off so frequently without pay as to leave their income inadequate. The letter characterizes the continuous discharge book system as barbarous and the lake carriers' welfare plan as amounting to a more far-reaching and irresponsible blacklist than the English shipping federation scheme, which the seamen vigorously condemn.

REJECTED HIS ATTENTIONS

So Iowa Man Shot a Girl and Tried to Kill Her Father.

Le Mars, Ia., April 15.—Casper Niehaus, a creamery wagon driver, fatally shot Miss Bessie Wengler, who had rejected his attentions, and then attempted to kill her father. Niehaus went to the field where Wengler and his daughter were working and fired three bullets into the girl's body, inflicting wounds from which she cannot recover. He then snapped the pistol twice at her father, but the cartridges did not explode. He was overpowered and placed in jail.

UNIQUE SPORTING EVENT

Western Athletes Will Race to the Top of a 6,000-Foot Mountain.

Pasadena, Cal., April 15.—Crack athletes from all over the West are entered in today's race to the top of Mount Wilson, north of this city. The unique character of the event and its great success last year have aroused much interest among the sports and others attracted by endurance contests and have drawn here runners desirous of making the 6,000-foot ascent in quicker time than that made by Joe King last year. There is little doubt that King's record, 1 hour 25 minutes 30 seconds, will be broken today.

Last year's race consisted of the ascent to the top of the mountain and the descent, but this year the ascent alone will count. The descent is considered too dangerous for men trying to make time. On the way up and down Mount Wilson the runners cross numerous streams and wind around canyons over 3,000 feet deep.

At least thirty men will face the starter and will be sent away at intervals of three minutes. Only amateur athletes are eligible to enter the race. The winners will receive medals.

RESULTS ON THE DIAMOND

Chicago Wins Opening Game With St. Louis Nationals.

Chicago, April 15.—As usual Overall pitched the opening game for the Chicago National League club, and with perfect support Chicago won from St. Louis, 3 to 1.

Other National League games resulted as follows:
At Boston, 9; Philadelphia, 5.
At Cincinnati, 0; Pittsburg, 3.

Indianapolis, April 15.—Before one of the largest crowds which ever assembled in Washington park, the Indianapolis champions of the American Association defeated Toledo in the opening game, 4 to 2. Other games resulted as follows:

At Milwaukee, 9; St. Paul, 5.
At Louisville, 6; Columbus, 1.
At Kansas City, 0; Minneapolis, 2.
American League.

At Detroit, 2; Chicago, 0.
At St. Louis, 2; Cleveland, 4.

NO EVIDENCE AGAINST HIM

Alleged Fake Racing Promoter Says He Cannot Be Convicted.

Des Moines, Ia., April 15.—"The state of Iowa, or for that matter, the government, has no more evidence against me than against a baby," said J. C. Maybray in the county jail. The alleged fake wrestling and racing promoter was brought to Des Moines and in default of bail, fixed at \$100,000, was placed behind the bars.

It is now thought that Maybray will be tried in Des Moines during the May term of court.

One Girl Shoots Another.

Millview, Fla., April 15.—Mabel Dickerson shot and mortally wounded Mary Wineglass here. The girls met on the street and when the Wineglass girl saw a revolver in the hands of the Dickerson girl, she turned and fled. Several shots were fired at her, one of which struck her in the back. The Dickerson girl is in jail.

Negro Carved the Cook.

Chicago, April 15.—Because he could not get a possum which he had ordered in a restaurant on Lake avenue, James Green, a colored man, walked into the kitchen and attacked the cook with a meat carver. The cook was taken to a hospital and Green to a police station.

GENERAL BUTLER IS DEAD

Former United States Senator Dies in South Carolina.

Columbia, S. C., April 15.—General Matthew C. Butler of Edgefield, former United States senator, and one of the last of the Confederate cavalry generals, died here at a local infirmary, aged seventy-three. His death was due to a complication of diseases induced by an old wound.

General Butler served through the Civil war, rising from captain to major general of cavalry. After the war he took a prominent part in the movement to reclaim the state to the Democratic party and aided greatly in Hampton's victory in the gubernatorial race of 1876. In the same year he was elected to the United States senate and served three terms. During the Spanish-American war he was a major general in the United States army and afterward was appointed a member of the Cuban peace commission. He was a nephew of Commodore Perry.

Minister Killed by Train.

New York, April 15.—Preparatory to his first ride on the subway, the Rev. Samuel William Nesbit, a Methodist minister from Tipperary, Ireland, lost his balance and fell to the track in the downtown station at One Hundred and Fifty-seventh street and Broadway and was so badly injured by a southbound train that he died in a hospital.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless. Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" is the cure of the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

REQUEST FOR CONFERENCE

Sent by Employe to Lake Carriers' Association.

Detroit, April 15.—President William Livingstone of the Lake Carriers' association has received a letter from the lake district grievance committee of the International Seamen's Union of America asking that representatives of the Lake Carriers' association meet representatives of the unions affiliated with the seamen for the purpose of coming to some understanding that will remedy the present situation. The letter, which is dated Buffalo, April 14, is signed by Chairman V. A. Olander and on it appears also the names of the six other members of the committee, W. H. Jenkins and George Hanson for the Lake Seamen's union, Edward Stack and Thomas Conway for the firemen, oilers and water tenders, and J. M. Secord and E. E. Turner for the cooks and stewards.

The letter of the seamen's committee declares that the carriers neglected to reply last year to a request for a conference and shortly afterward announced that they would no longer deal with or recognize the seamen's union. There began then, alleges the letter, a systematic persecution of the members of unions affiliated with the seamen, men being compelled to hand over their union books or be discharged, a nonunion oath and declaration being required, the twelve-hour workday being infringed upon and seamen being laid off so frequently without pay as to leave their income inadequate. The letter characterizes the continuous discharge book system as barbarous and the lake carriers' welfare plan as amounting to a more far-reaching and irresponsible blacklist than the English shipping federation scheme, which the seamen vigorously condemn.

REJECTED HIS ATTENTIONS

So lowly Man Shot a Girl and Tried to Kill Her Father.

Le Mars, Ia., April 15.—Casper Niehaus, a creamery wagon driver, fatally shot Miss Bessie Wengler, who had rejected his attentions, and then attempted to kill her father. Niehaus went to the field where Wengler and his daughter were working and fired three bullets into the girl's body, inflicting wounds from which she cannot recover. He then snapped the pistol twice at her father, but the cartridges did not explode. He was overpowered and placed in jail.

UNIQUE SPORTING EVENT

Western Athletes Will Race to the Top of a 6,000-Foot Mountain.

Pasadena, Cal., April 15.—Crack athletes from all over the West are entered in today's race to the top of Mount Wilson, north of this city. The unique character of the event and its great success last year have aroused much interest among the sports and others attracted by endurance contests and have drawn here runners desirous of making the 6,000-foot ascent in quicker time than that made by Joe King last year. There is little doubt that King's record, 1 hour 25 minutes 30 seconds, will be broken today.

Last year's race consisted of the ascent to the top of the mountain and the descent, but this year the ascent alone will count. The descent is considered too dangerous for men trying to make time. On the way up and down Mount Wilson the runners cross numerous streams and wind around canyons over 3,000 feet deep.

At least thirty men will face the starter and will be sent away at intervals of three minutes. Only amateur athletes are eligible to enter the race. The winners will receive medals.

GENERAL BUTLER IS DEAD

Former United States Senator Dies in South Carolina.

Columbia, S. C., April 15.—General Matthew C. Butler of Edgefield, former United States senator, and one of the last of the Confederate cavalry generals, died here at a local infirmary, aged seventy-three. His death was due to a complication of diseases induced by an old wound.

General Butler served through the Civil war, rising from captain to major general of cavalry. After the war he took a prominent part in the movement to reclaim the state to the Democratic party and aided greatly in Hampton's victory in the gubernatorial race of 1876. In the same year he was elected to the United States senate and served three terms. During the Spanish-American war he was a major general in the United States army and afterward was appointed a member of the Cuban peace commission. He was a nephew of Commodore Perry.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless. Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.
